

Change log: core solution - 11 march 2026

Name	Date identified	Changes/ questions	Answer to suppliers
Requirement 78 and 153 are duplicates in appendix 3	2026-02-19	Requirement 78 and 153 are duplicates, requirement 78 will be deleted	A duplicate was identified in the requirements listed in Appendix 3; consequently, requirement no. 78 has been removed, and this ID number is therefore no longer present.
Clarify appendices under sub-criterion Technical Quality	2026-02-19	Add appendix 6 requirements in the evaluation explanation under section 11.4 Technical quality score and remove appendix 4	A clarification has been made regarding which appendices are evaluated under which sub-criterion in the appendix Tender Terms. In section 11.4 Technical Quality Score, it is further specified that the suppliers' responses to Appendices 2, 6, 10, 17, and 20 are evaluated under the Technical Quality Score.
Clarify appendices under sub-criterion Implementation Quality and Governance	2026-02-19	Add appendix 8, 19 and 4 requirements in the evaluation explanation under section 11.3 Implementation quality and governance	A clarification has been made regarding which appendices are evaluated under which sub-criterion in the appendix Tender Terms. In section 11.3 Implementation Quality and Governance, it is further specified that the suppliers' responses to Appendices 1, 4, 5, 7, 8, 9, 9A, 12, 15, 16, and 19 are evaluated under the Implementation Quality and Governance Score.
Updated version of appendix 27_Unified Plan	2026-02-19	Provide new version to prequalified suppliers	Performed general grammar and spelling checks. Rewrote several sections without altering their intended meaning. Updated the front page with the new Programme name (Talgild Heilsa) and logo. Added section 1.1 (Read guidance) and section 1.2 (Terminology list). Corrected various errors, including the mislabeling of section 6.1 as 5.1. Updated the correct sections 5.1 and 6.1 with additional information.
Unlock column 3 in appendix 3 for filtering	2026-02-20	Is it possible to unlock row 3 in Appendix 3_Requirements so that the filter function can be used? In the current document, that row is locked. If this is done, handling the document will be significantly	Filtering has been enabled in Appendix 3.
Swimlanes - make available in standard A3	2026-02-20	The "swimlanes" in Sub appendices 18A2-G2 contain a lot of white space, making print and handling difficult. Is it possible	Swimlanes have been made compatible with A3.
